2025 Employee Performance Review (EPR)

Global Performance Management Approach and Guidelines

For internal use only

March 2025
Update: July 2025

Agenda

- **Employee Performance Review: Overview and Steps**
- Goal Setting
- Mid Year Check – In
- Feedback Guidelines

What is Performance Management and why it matters?

WHAT

Performance management is the **set of performance evaluation and optimization processes** that guide employees towards **achieving company objectives**.

Performance Management ensures alignment of our teams

WHY

Enables consistency of our efforts:

- We understand the company's **goals**
- We define consistent **criteria** to determine **our standards of success**
- We understand **our contribution** and its impact

Provides a framework to develop employees:

- We define our **key performance outcomes** and measure ourselves against the targets
- We ask for and receive **feedback** during the year
- We are in the position to **adjust our performance and our behaviours** over the course of the year
- We recognize **positive performance** and promote our four **distinctive behaviours**

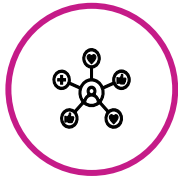

What are the key features of Performance Management at ENG Group?

Within ENG Group, our annual Performance Management process is called **Employee Performance Review (EPR)**

ONE GLOBAL PERFORMANCE MANAGEMENT

Employees in each country and legal entity are able to speak the **same language globally** and leverage **the same process and data**

MAIN DRIVER FOR COMPENSATION DECISIONS & TALENT DEVELOPMENT

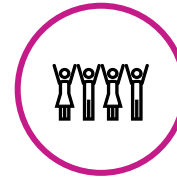

EPR has a **link to the Salary Review process**, as it helps differentiate growth and **development opportunities** for “**outstanding performers**”

CONTINUOUS FEEDBACK CULTURE

Feedback can be given at **any time** amongst employees, independently from hierarchies.

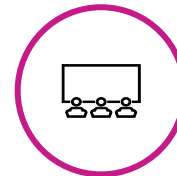

Feedback should **always** be requested at the **end of a project assignment**

FAIRNESS & EQUITY

We want all our employees to **feel accepted, valued and able to reach their full potential**

The effectiveness of the EPR process is linked to adopting an approach as objective as possible, **mitigating any biases or prejudices** and applying **consistent evaluation criteria** independently from gender, background, disability, sexual orientation etc.

PERFORMANCE IS ABOUT THE “WHAT” AND THE “HOW”

We consider performance **holistically**. Everyone's contribution is recognized against the **outcomes and results achieved (WHAT)** as well as the observable **behaviours, demonstrated** on the daily job (HOW)

How Performance Management is linked to our Strategic Narrative: the 4 Strategic Drivers guide us in identifying 2025 goals (WHAT?)...

MOST MEANINGFUL SOLUTIONS

We must create **solutions** that make a **material difference** to our clients and their customers.

To do this we will expertly **combine bespoke products, off-the-shelf technologies** to create the most meaningful solutions for their current and future needs.

MOST IMPACTFUL ADVISORS

We must get in a position to **co-create our clients' best future**.

To do this, we need to be on the inside at a level where we can truly understand their **strategic challenges and opportunities**, not just stated needs. We will strengthen our credibility and capability to operate brilliantly at this level.

FUTURE PROOF – FOUNDATIONS

We must enable our people to do their **very best work – confidently and together**.

To do this we will create a highly **effective operating model**, simplified processes and future ready technologies

BEST TALENT GROWTH

We must be the **best place for people to grow** and realize their ambitions.

To do this, we will become the **best place to build future-proof skills and capabilities** and accelerate careers (tech and non-tech), all within a framework of **empowerment and accountability**

* For additional Details on our Strategic Narrative consult [Engage](#)

... and our 4 distinctive Behaviours have become part of the evaluation in the process (HOW?)

THINK BOLD

- **Think big** and challenge the status quo to pursue continuous improvement;
- **Demonstrate ambition** to ensure your actions have the greatest impact;
- **Leverage creativity** and lateral thinking to successfully face increasing challenges;
- **Seek innovating solutions** based on experience and learn from mistakes.

OWN IT

- **Seek alternative solutions** with a proactive approach, without focusing on the issue per se ;
- **Anticipate issues** and needs in order to better organize activities, even at times of challenge;
- **Take responsibility** for your actions and decisions, upholding commitments;
- **Help the team** even when not required to do so.

TALK STRAIGHT

- **Communicate with clarity** and openly face challenges;
- **Provide constructive feedback** based on observation;
- **Embrace feedback** without judgement;
- **Admit mistakes.**

MAKE EACH OTHER BETTER

- **Demonstrate openness** and **willingness** to a constructive dialogue, to learn from and with others;
- **Appreciate the value of working with colleagues** and adopt an **inclusive approach** to make everyone part of the solutions;
- **Show alignment to the company mission** and eagerness to learn and enhance your own skills;
- **Take every opportunity to grow talent** – in your teams, with your peers and across the business.

2025 EPR / Annual milestones

ALL 3 STEPS ARE MANDATORY AND EACH STEP IS REQUIRED TO PROGRESS TO THE NEXT ONE

1 Beginning of Performance Cycle
17th February – 28th March 2025

1. GOAL SETTING

Employee and Manager Set Goals for the Performance Cycle

- **Individual Goals:** should be aligned to the 4 Strategic Drivers and can be linked to behaviors
- **Cascade goals:** BU Leaders cascade goals to all Employees in their BUs
- Goals are agreed during a 1:1 between Manager and Employee, involving the **Additional Manager** as needed

2 Middle of Performance Cycle
3rd July – 29th August 2025

2. MID YEAR CHECK - IN

Employee and Manager add and update goals, as needed, and review the progression

- Manager requests feedback on Employee
- **Additional Manager** is involved as needed
- Manager provides a quick evaluation: **on track/off track**
- Check-in takes place during a 1:1 between Manager and Employee

3 End of Performance Cycle
Q4 25 (Nov/Jan 2026)

3. FINAL REVIEW

Employee and Manager assess performance against goals and evaluate behaviours

- Manager requests feedback on Employee
- Additional Manager is involved as needed
- Managers calibrate their team's ratings by band
- Rating and feedback are shared during a 1:1 between Manager and Employee

The involvement of the Additional Manager / The hierarchical Manager will be able to involve the Additional Manager during Goal Setting, Mid Year and when needed (e.g. at the end of a project)

In 2024 we collected a specific business need to actively **involve the Additional Manager** in the EPR process. This means the Additional Manager should be able **to review and update goals of individuals working in their project team/ service team/ Client team** during goal setting; **provide feedback and comments** at the end of a project, during Mid Year as well as the Final Review

WHAT IS THE ROLE OF THE ADDITIONAL MANAGER?

The **Additional Manager** has a **functional responsibility towards an employee** and is applicable **only to certain job roles**, which operate specifically through our organizational matrix.

For a Project Manager/Service Manager in **ENG Digital**, the Additional Manager could be **the Account team member** for the client/market segment in which they work.

The **Additional Manager** should have worked with the Employee for a sufficiently long period in order to provide meaningful feedback **(at least 3 months)**.

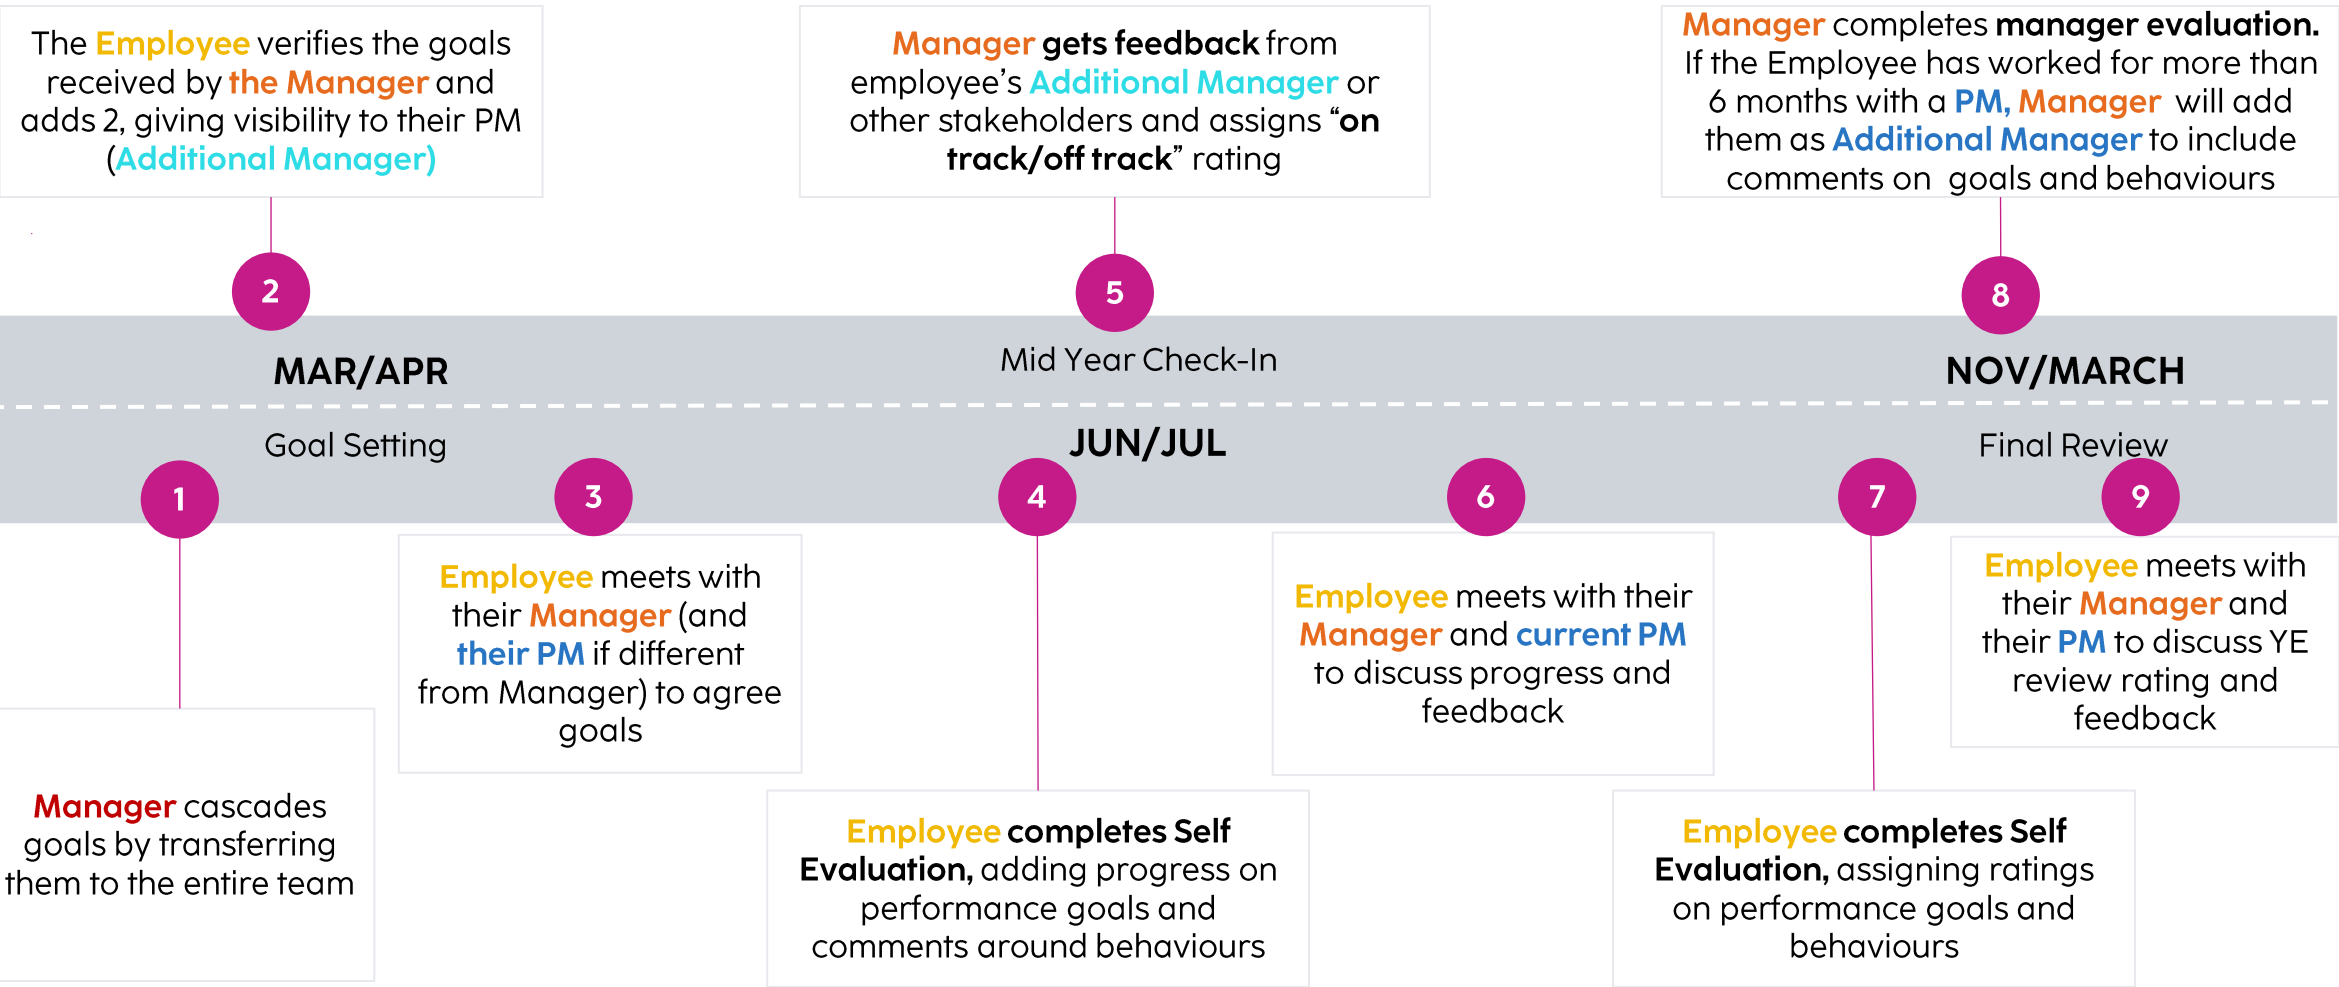

The Additional Manager **can change during the EPR cycle**, reflecting the different projects an employee may work on

HOW WILL IT BE INVOLVED IN EPR 2025?

- **DURING THE GOAL SETTING**
The **direct Manager** can re-assign goals to the **Additional Manager** (this is not a mandatory step) to allow view and edit mode.
- **DURING THE MID YEAR**
The **direct Manager** can involve the **Additional Manager to collect feedback and comments** on goals and behaviors (this is not a mandatory step) via a specific task in Workday
- **DURING THE FINAL REVIEW**
The **direct Manager** can involve the **Additional Manager to collect feedback and comments** on goals and behaviors (this is not a mandatory step), via a specific task in Workday

- **Additional Manager can be any Employee** (Individual Contributor and/or People Manager).
- **The report: "Additional Manager Evaluation Status"** is available for Managers and HR Team to monitor the completed feedback

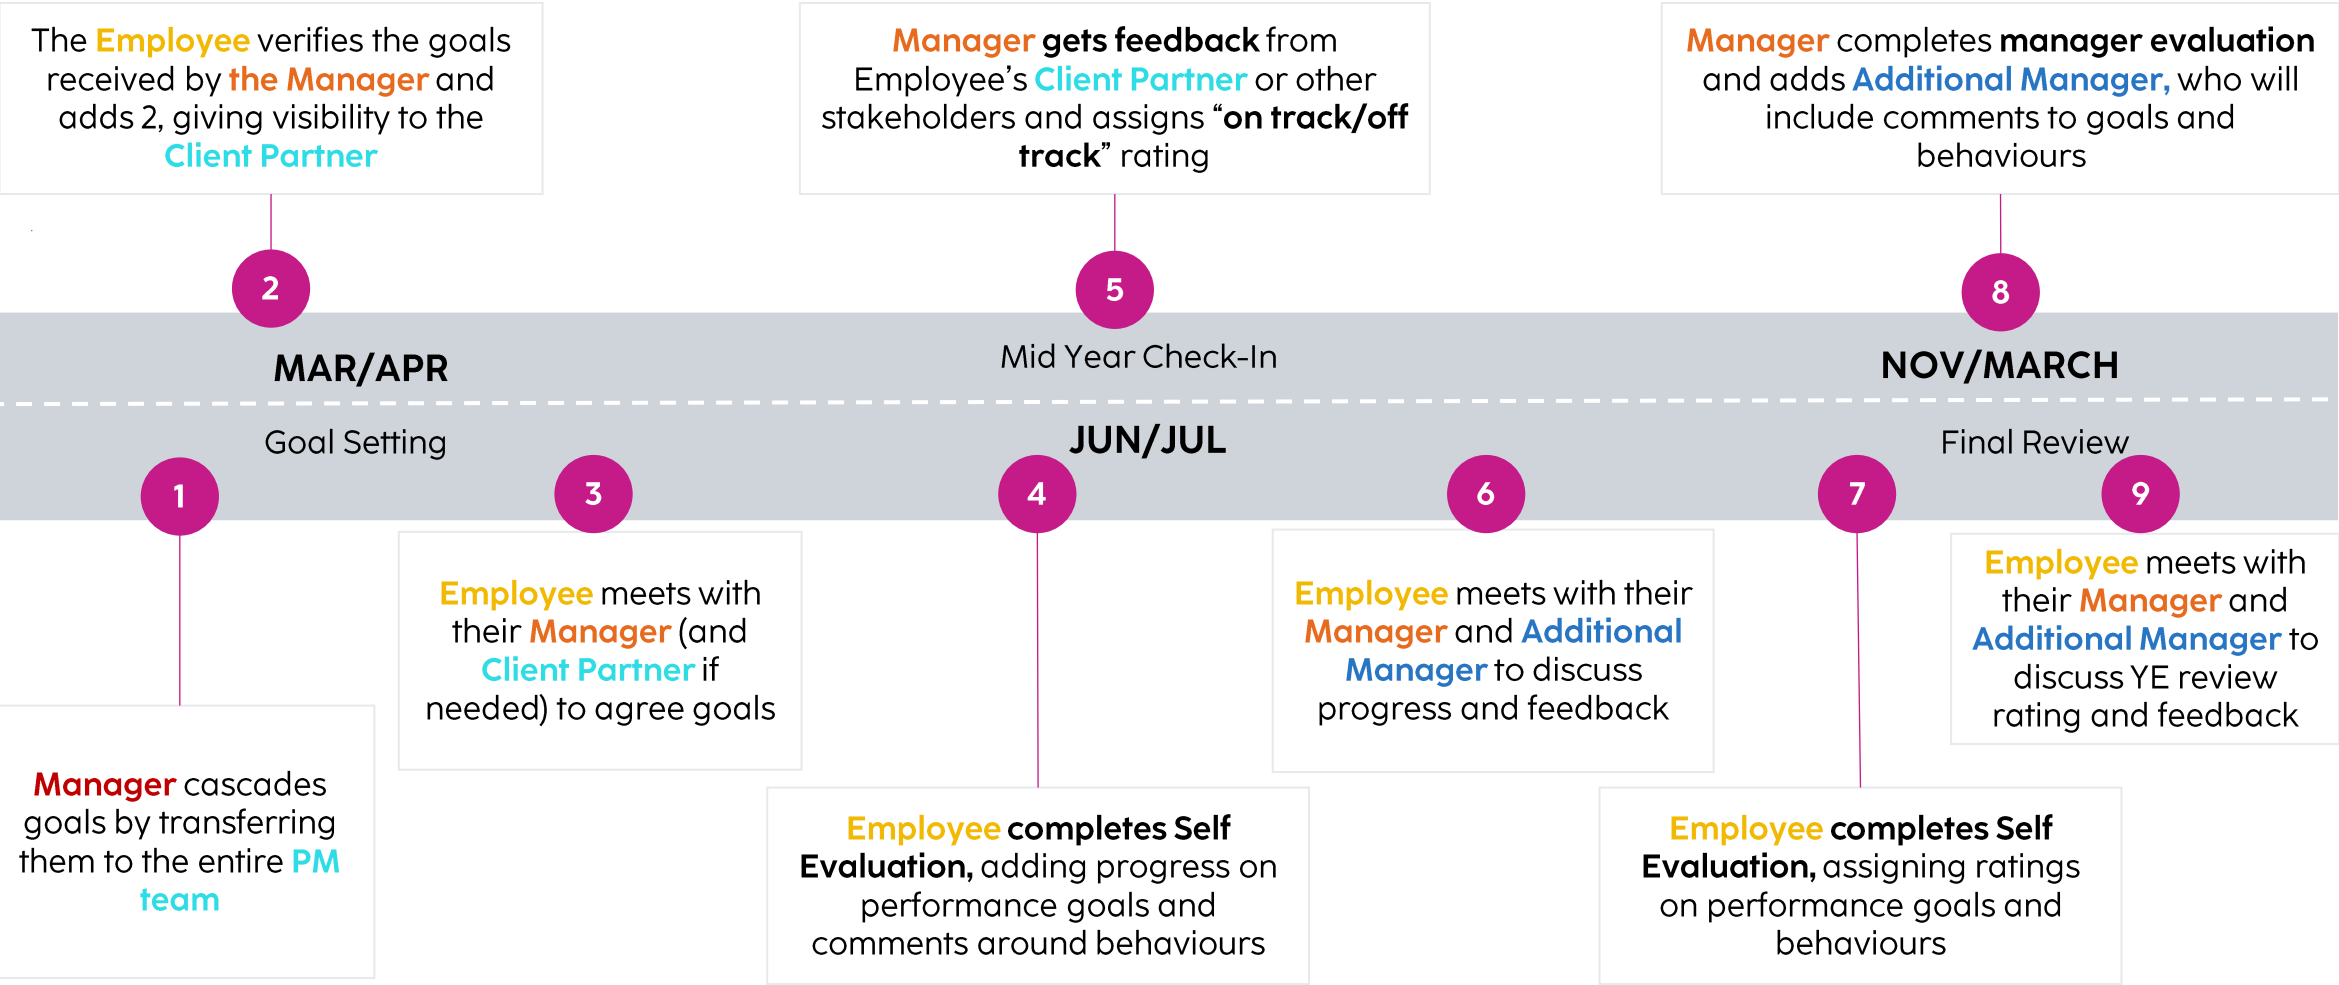

Typical Employee Experience / Functional Analyst - Software Development example

At the end of each project assignment, Employee asks their PM for feedback and marks the goals they agreed upon as "completed". At the start of a new project, Employee should agree new goals with their new PM and set them in Workday for Manager approval (if different from PM)

Typical Employee Experience / Project Manager example

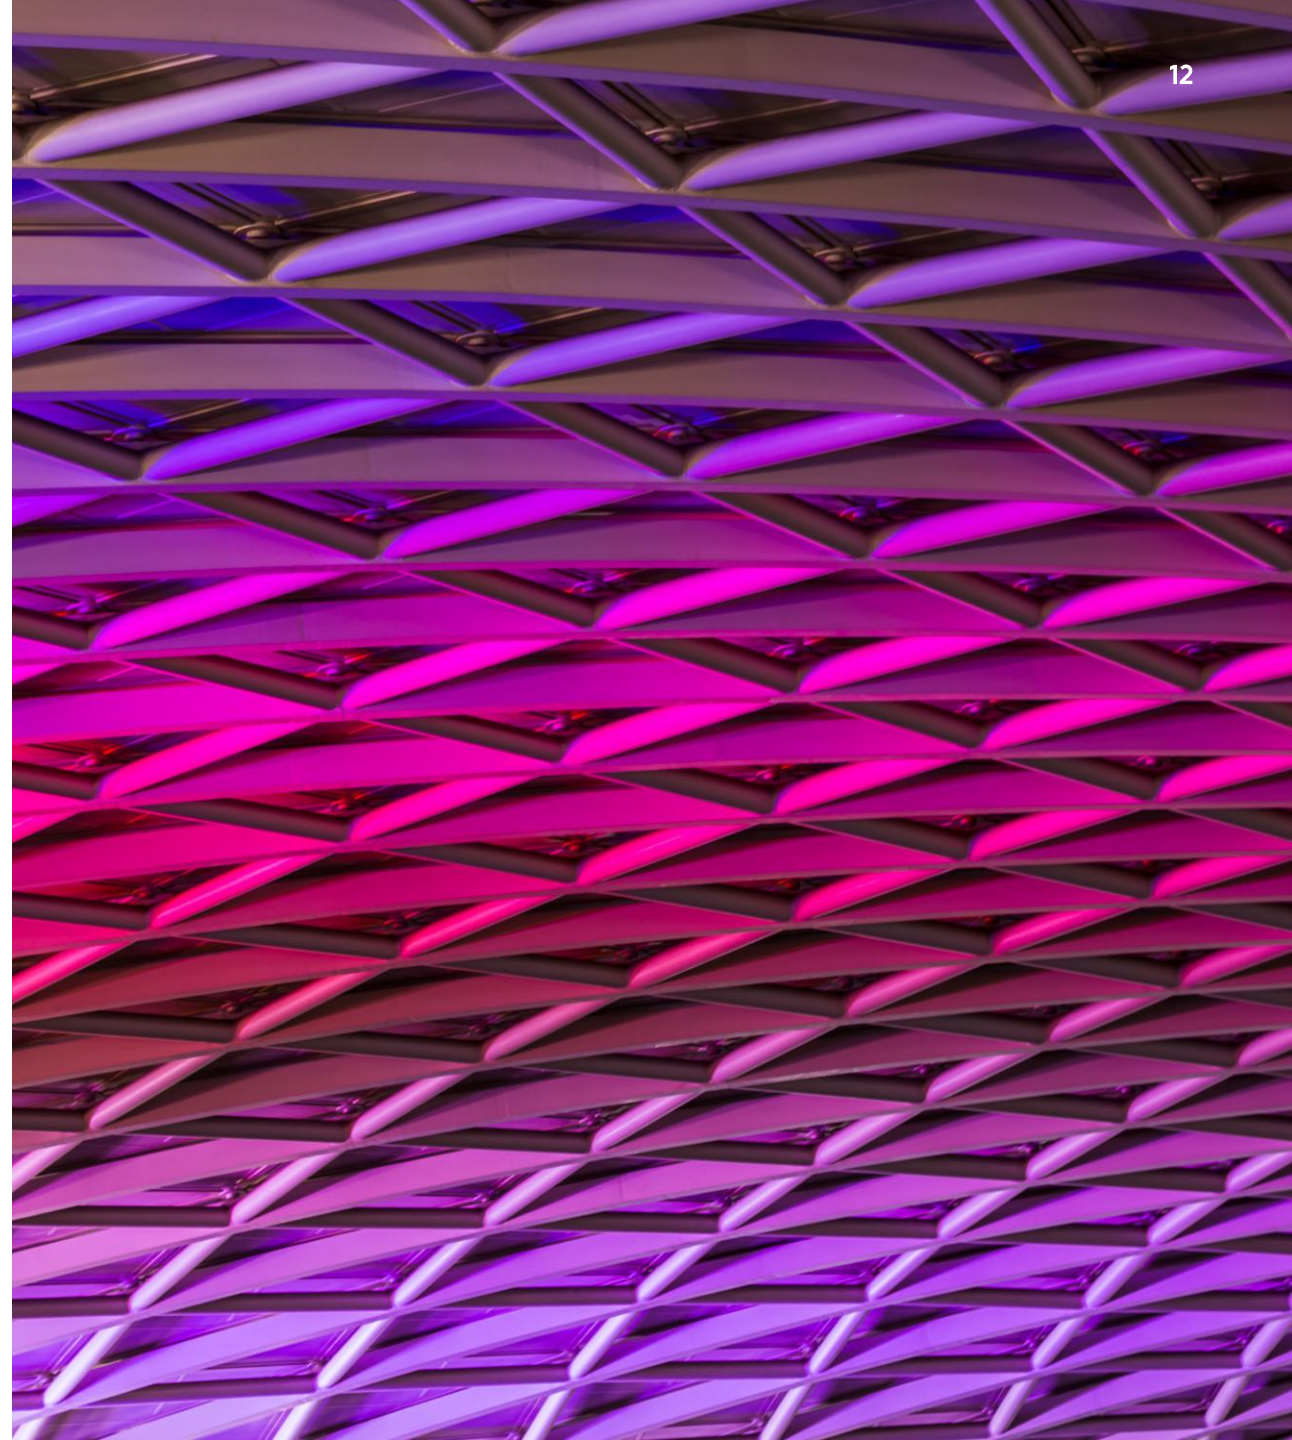

The presence of an Additional Manager is applicable only to certain job roles, who work specifically through our organizational matrix. For a Project Manager in Digitech, the Additional Manager could be the member of the Account team for the Client/ Market segment they work for

ON TRACK

in line with expectations

OFF TRACK

not in line with expectations

The Mid Year rating:

3. Is **not subject to Calibration**
4. Does **not follow an automatic correlation with the final review rating**

Mid Year Check - In / Hints & tips

The Mid - Year Check In is **an opportunity for Managers and Employees** to discuss progress against goals and behaviours and define actions to support their achievement.

During this stage each **EMPLOYEE** has to:

Agenda

- Employee Performance Review: Overview and Steps
- Goal Setting
- Mid Year Check – In
- **Feedback Guidelines**

1:1 Feedback / Guidelines

FEEDBACK HAS TO BE:

✓ SPECIFIC

feedback is not a general judgment about the person ("You never do..."), but refers to a specific situation

✓ DESCRIPTIVE

feedback describes the behaviour acted by the person and the effects it produced

✓ SUPPORTIVE

feedback should contain suggestions on how the person can improve their performance

Giving performance feedback

1. Be **specific**, come prepared with relevant examples
2. Focus on **professional behaviours and future actions** – things an employee can do something about
3. Avoid referring to personality traits
4. Be **honest** and **respectful**
5. Allow for response

Receiving performance feedback

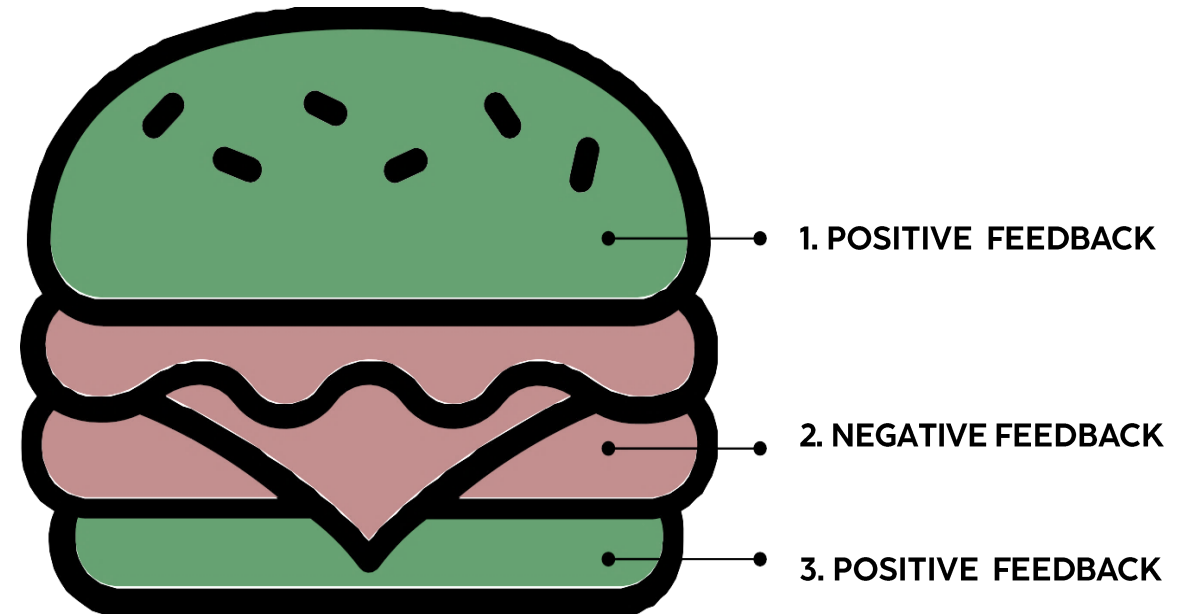

1. Come **prepared** with relevant examples of your performance
2. Assume **positive intent**
3. Be open to **different perspective**
4. Explain – do not get angry or defensive
5. Be **curious** – ask for more context if needed

1:1 Feedback / Sandwich method

The best way to provide **constructive feedback in a climate of trust** is the so-called "**sandwich**" method, which is divided into three parts:

- 1 Highlight **what went well**, to reinforce that specific skill or behaviour that remains valuable.
- 2 Point out **what can be improved**, focusing on the behaviour and the potential consequences of that particular behaviour if not corrected.
- 3 Close the "sandwich" by suggesting **how it can be improved** on the next occasion on that single task.

Feedback in Workday

For each Feedback type you can always choose if make your request and your feedback **anonymous**.

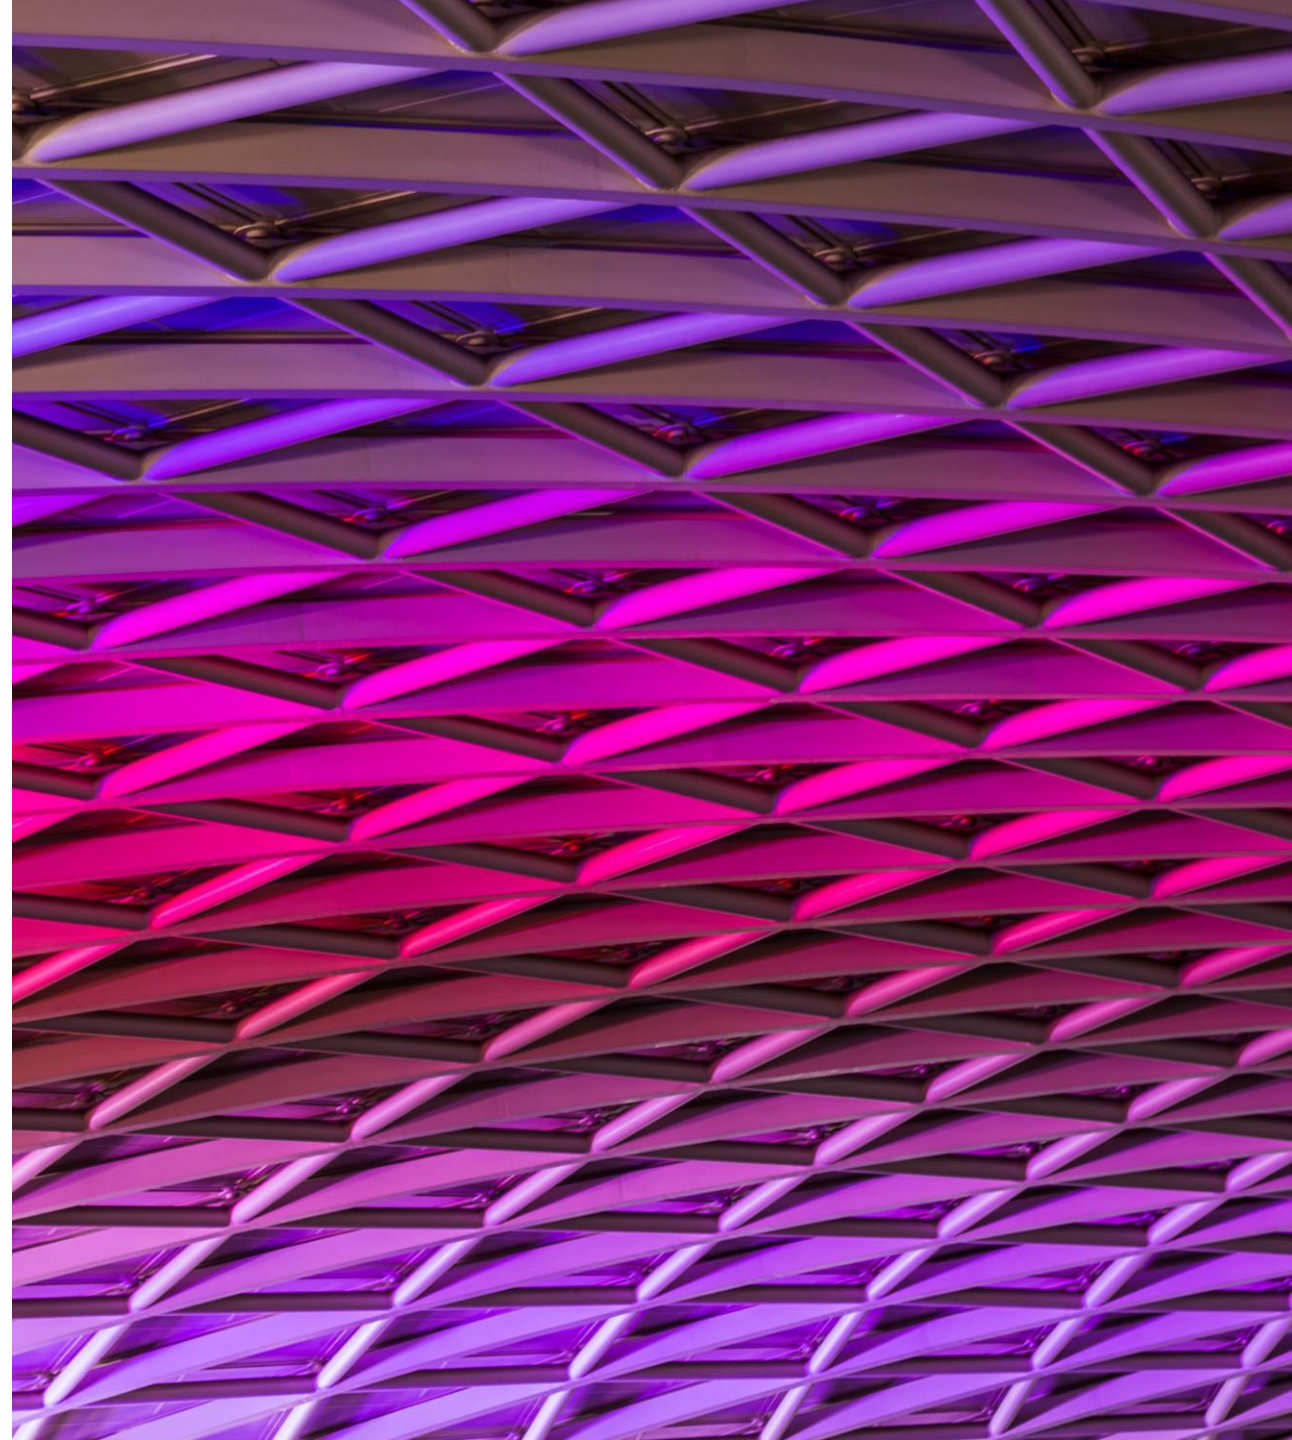

Feedback type	Sharing options	Visibility	Who can launch this task?	Notes
Give Feedback	A. Don't share with Employee B. Share with Employee C. Share with others	A. Only for Manager and HRBP B. Employee and HRBP C. Employee, HRBP and Manager	Everyone	You can use this task to give a badge
Get Feedback on Self	A. Share with me (employee) B. Share with others	A. Employee and HRBP B. Employee, HRBP and Manager	Everyone	
Get Feedback on Worker	A. Don't share with Employee B. Share with others	A. Only for Manager and HRBP B. Employee, HRBP and Manager	Manager	You can use this task to request a structured feedback (Feedback template: "Start, Stop, Continue)

2025 Employee Performance Review (EPR)

Global Performance Management Approccio e Linee Guida

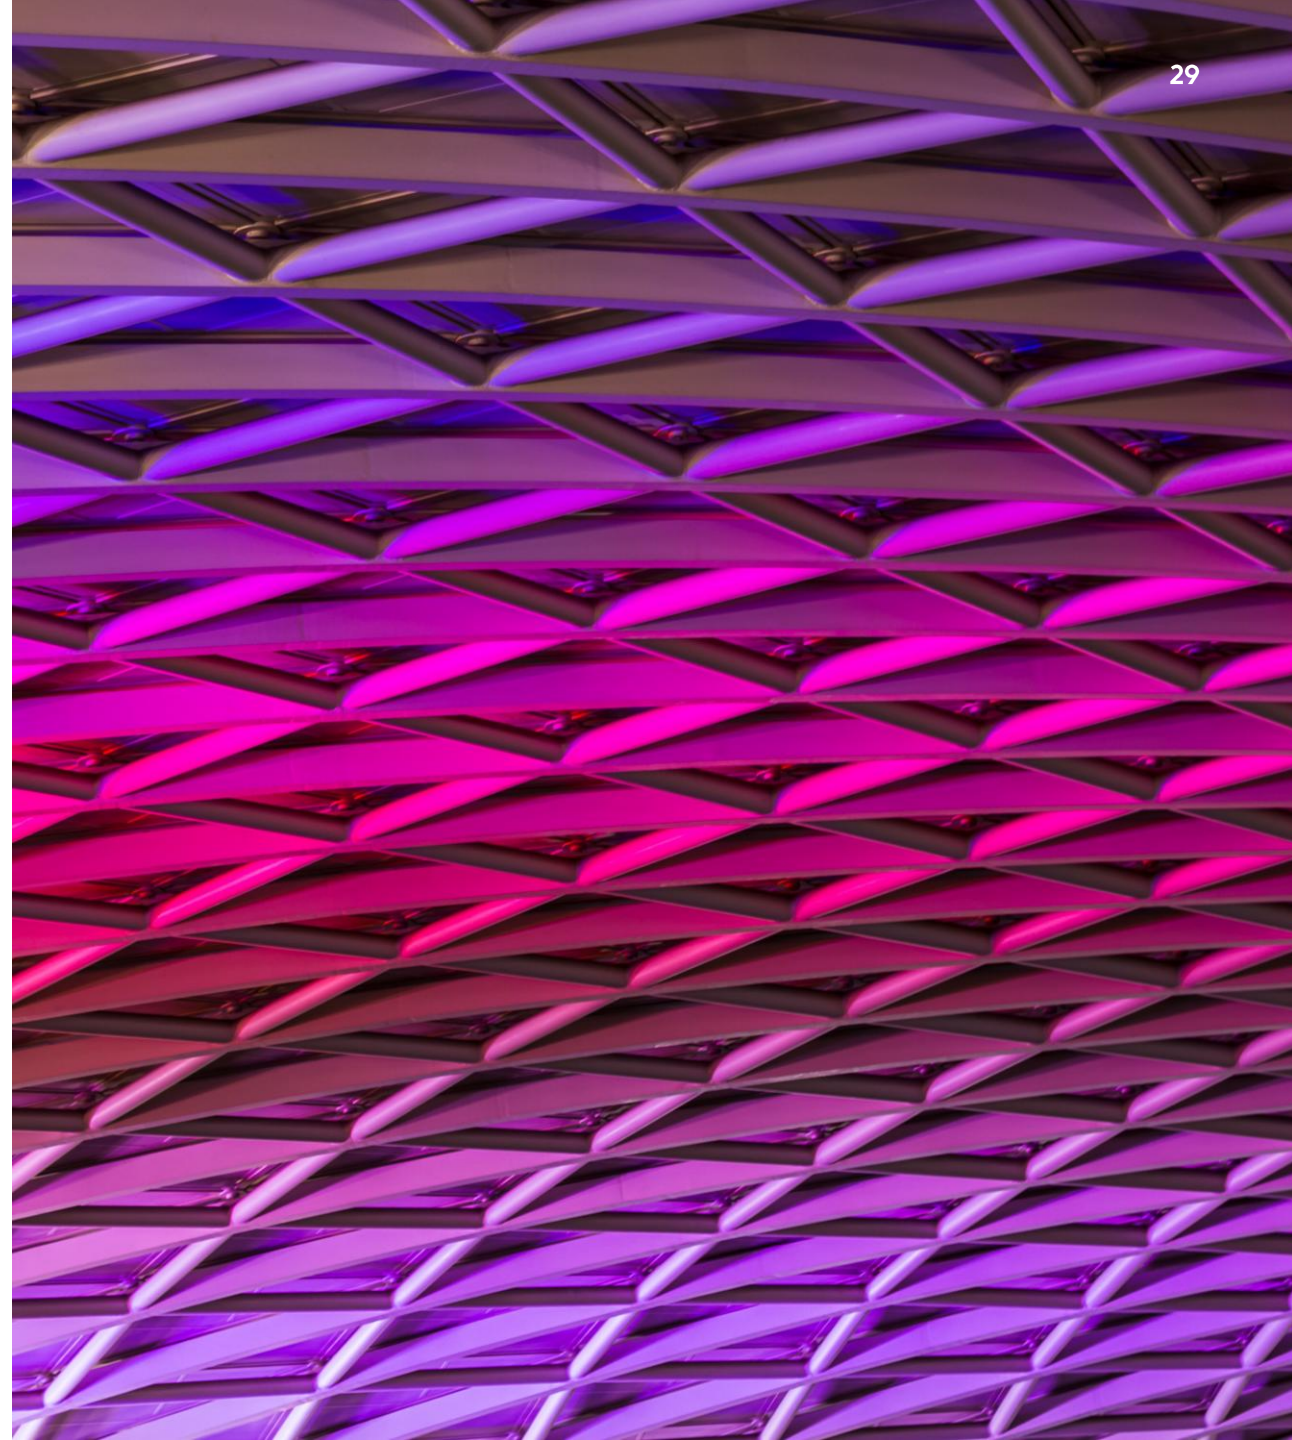

For internal use only

Marzo 2025

Update: Luglio 2025

Agenda

- **Employee Performance Review: Overview e fasi**
- Goal Setting
- Mid Year Check – In
- Linee guida Feedback

Che cos'è il Performance Management e perché è importante?

COSA

Il **performance management** è l'insieme dei processi di **valutazione e ottimizzazione delle performance** che guidano le persone verso il raggiungimento degli **obiettivi aziendali**.

Il Performance Management garantisce l'allineamento dei nostri team.

PERCHÉ

Consente di indirizzare il nostro impegno e le nostre attività, aiutandoci a:

- Comprendere gli **obiettivi dell'azienda**
- Definire **criteri** coerenti per i **nostri standard di successo**
- Comprendere il **nostro contributo** e il nostro impatto all'interno dell'Azienda

Fornisce un quadro di riferimento per lo sviluppo delle persone, aiutandoci a:

- Definire gli **impatti** chiave della performance e **misurarli** rispetto agli obiettivi dell'anno
- Dare e ricevere **feedback** durante tutto l'anno
- Adeguare le nostre performance e i nostri comportamenti in **modo continuativo**
- Riconoscere i risultati positivi e promuovere i nostri **quattro comportamenti distintivi**

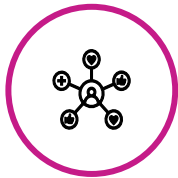

Quali sono le caratteristiche principali del Performance Management nel Gruppo ENG?

All'interno del Gruppo ENG, il processo annuale di Performance Management è chiamato **Employee Performance Review (EPR)**

UN UNICO PROCESSO GLOBALE DI PERFORMANCE MANAGEMENT

Le **persone** di ogni country e di ogni legal entity sono in grado di **parlare la stessa lingua** a livello globale e di utilizzare lo **stesso processo e gli stessi dati**

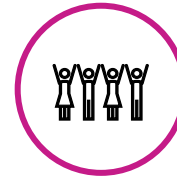

PRINCIPALE DRIVER PER LE DECISIONI RETRIBUTIVE E LO SVILUPPO DEI TALENTI

L'EPR ha un collegamento con il processo di **Salary Review** e aiuta a differenziare le opportunità di crescita e di sviluppo per coloro che sono "outstanding performer"

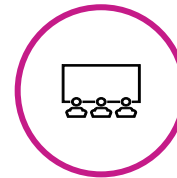

CULTURA DEL FEEDBACK CONTINUO

Il **feedback** può essere scambiato in **qualsiasi momento dell'anno**, indipendentemente dal ruolo o dalla banda, e deve essere **sempre richiesto alla fine di un progetto**

COERENZA ED EQUITÀ

E' importante che tutte le nostre persone si sentano **accettate, valorizzate e in grado di raggiungere il loro pieno potenziale**. L'efficacia del processo EPR è legata all'adozione di un **approccio il più possibile oggettivo**, alla riduzione di eventuali **pregiudizi** e all'applicazione di criteri di valutazione coerenti, **indipendentemente da genere, provenienza, disabilità, orientamento sessuale, ecc.**

LA PERFORMANCE RIGUARDA "WHAT" E "HOW"

Consideriamo la performance in modo **olistico**. Il contributo di ogni persona viene riconosciuto in base all'impatto e ai **risultati raggiunti (WHAT?)** e ai **comportamenti osservabili** durante il lavoro quotidiano (**HOW?**)

Come il Performance Management è collegato alla nostra Strategic Narrative*: i 4 Strategic Drivers ci guidano nell'individuare gli obiettivi del 2024 (WHAT?)...

SOLUZIONI ECCELLENTI E RILEVANTI

Vogliamo creare **prodotti e soluzioni che fanno la differenza**, per i nostri clienti e per i loro stakeholder.

Realizzeremo soluzioni con un impatto reale per le **esigenze di oggi e del futuro** attraverso la combinazione di soluzioni personalizzate e **tecnologie avanzate**.

CONSULENTI AD ALTO IMPATTO

Vogliamo arrivare a creare un **futuro migliore per i nostri clienti**, lavorando insieme a loro.

Per farlo, dobbiamo instaurare una relazione a un livello tale da poter **comprendere veramente le loro sfide e opportunità strategiche**, non solo le esigenze dichiarate. Rafforzeremo la nostra **credibilità** e la nostra **capacità di operare con successo** a questo livello.

FONDAMENTA A PROVA DI FUTURO

Dobbiamo fornire alle nostre persone la possibilità di **lavorare al meglio, insieme e con fiducia**.

Per farlo, metteremo a punto un **modello operativo efficace, processi semplificati e tecnologie** pronte per il futuro

LA MIGLIORE CRESCITA PER I TALENTI

Dobbiamo essere l'azienda che offre la migliore **possibilità di crescita** e realizzazione delle proprie **ambizioni**.

Lo diventeremo trasformandoci nel luogo migliore in cui acquisire **competenze** a prova di futuro e **accelerare la propria carriera (tech e non-tech)**, in una realtà che responsabilizza e dà fiducia.

2025 EPR / Tappe fondamentali

ALL 3 STEPS ARE MANDATORY AND EACH STEP IS REQUIRED TO PROGRESS TO THE NEXT ONE

1 Inizio del ciclo di EPR
17 Febbraio – 28 Marzo 2025

1. GOAL SETTING

Employee e Manager stabiliscono gli obiettivi per il ciclo di performance

- **Individual Goals:** dovrebbe essere allineato ai 4 Driver Strategici e può essere collegato ai comportamenti
- **Cascade goals:** I leader della BU attribuiscono gli obiettivi a tutte le persone delle loro BU. Gli obiettivi vengono concordati durante un 1:1 tra Manager e Employee, coinvolgendo Additional Manager se necessario

2 Metà del ciclo di EPR
3 Luglio – 29 Agosto 2025

2. MID YEAR CHECK - IN

Employee e Manager rivedono lo stato avanzamento rispetto agli obiettivi, aggiornando questi ultimi se necessario

- Manager richiede feedback sul Employee
- **Additional Manager** è coinvolto se necessario
- Manager fornisce una rapida valutazione: **on track/off track**
- Il check-in avviene durante un 1:1 tra Manager e Employee

3 Fine del ciclo di EPR
Q4 25 (Nov/Gen 2026)

3. FINAL REVIEW

Employee e Manager valutano le performance rispetto agli obiettivi e i behaviours dimostrati

- Manager richiede il feedback sul Employee
- Additional Manager è coinvolto se necessario
- Managers calibra le valutazioni del team per banda
- La valutazione e il feedback vengono condivisi durante un 1:1 tra Manager e Employee

Additional Manager / Manager può coinvolgere l'Additional Manager durante la fase di Goal Setting, Mid Year e Final Review, e quando necessario (es. alla fine di un progetto)

Nel 2024 abbiamo raccolto una specifica esigenza aziendale di coinvolgere attivamente l'Additional Manager nel processo di EPR. Ciò significa che l'Additional Manager dovrebbe essere in grado di rivedere e aggiornare gli obiettivi delle persone che lavorano nel loro **project team/ service team/ Client team** durante la fase di goal setting; **fornire feedback e commenti** alla fine di un progetto, durante Mid Year e Final Review.

QUAL È IL RUOLO DELL' ADDITIONAL MANAGER?

Additional Manager ha una **responsabilità funzionale** nei confronti dell'Employee ed è **applicabile solo a determinati ruoli lavorativi**, che operano specificamente attraverso la nostra matrice organizzativa.

Per un Project Manager/Service Manager in **ENG Digital**, l'Additional Manager potrebbe essere **una persona del team Account** per il cliente/segmento di mercato in cui operano.

L'**Additional Manager** dovrebbe aver lavorato con l'Employee per un periodo sufficientemente lungo al fine di fornire un feedback significativo (almeno 3 mesi).

L'Additional Manager **può cambiare durante il ciclo di EPR**, riflettendo i diversi progetti su cui una persona può lavorare.

IN CHE MODO SARÀ COINVOLTO NELL'EPR 2025?

- **DURANTE IL GOAL SETTING**

Manager diretto può riassegnare gli obiettivi all'Additional Manager (questo non è un passaggio obbligatorio) per consentire la modalità di visualizzazione e modifica.

- **DURANTE IL MID YEAR**

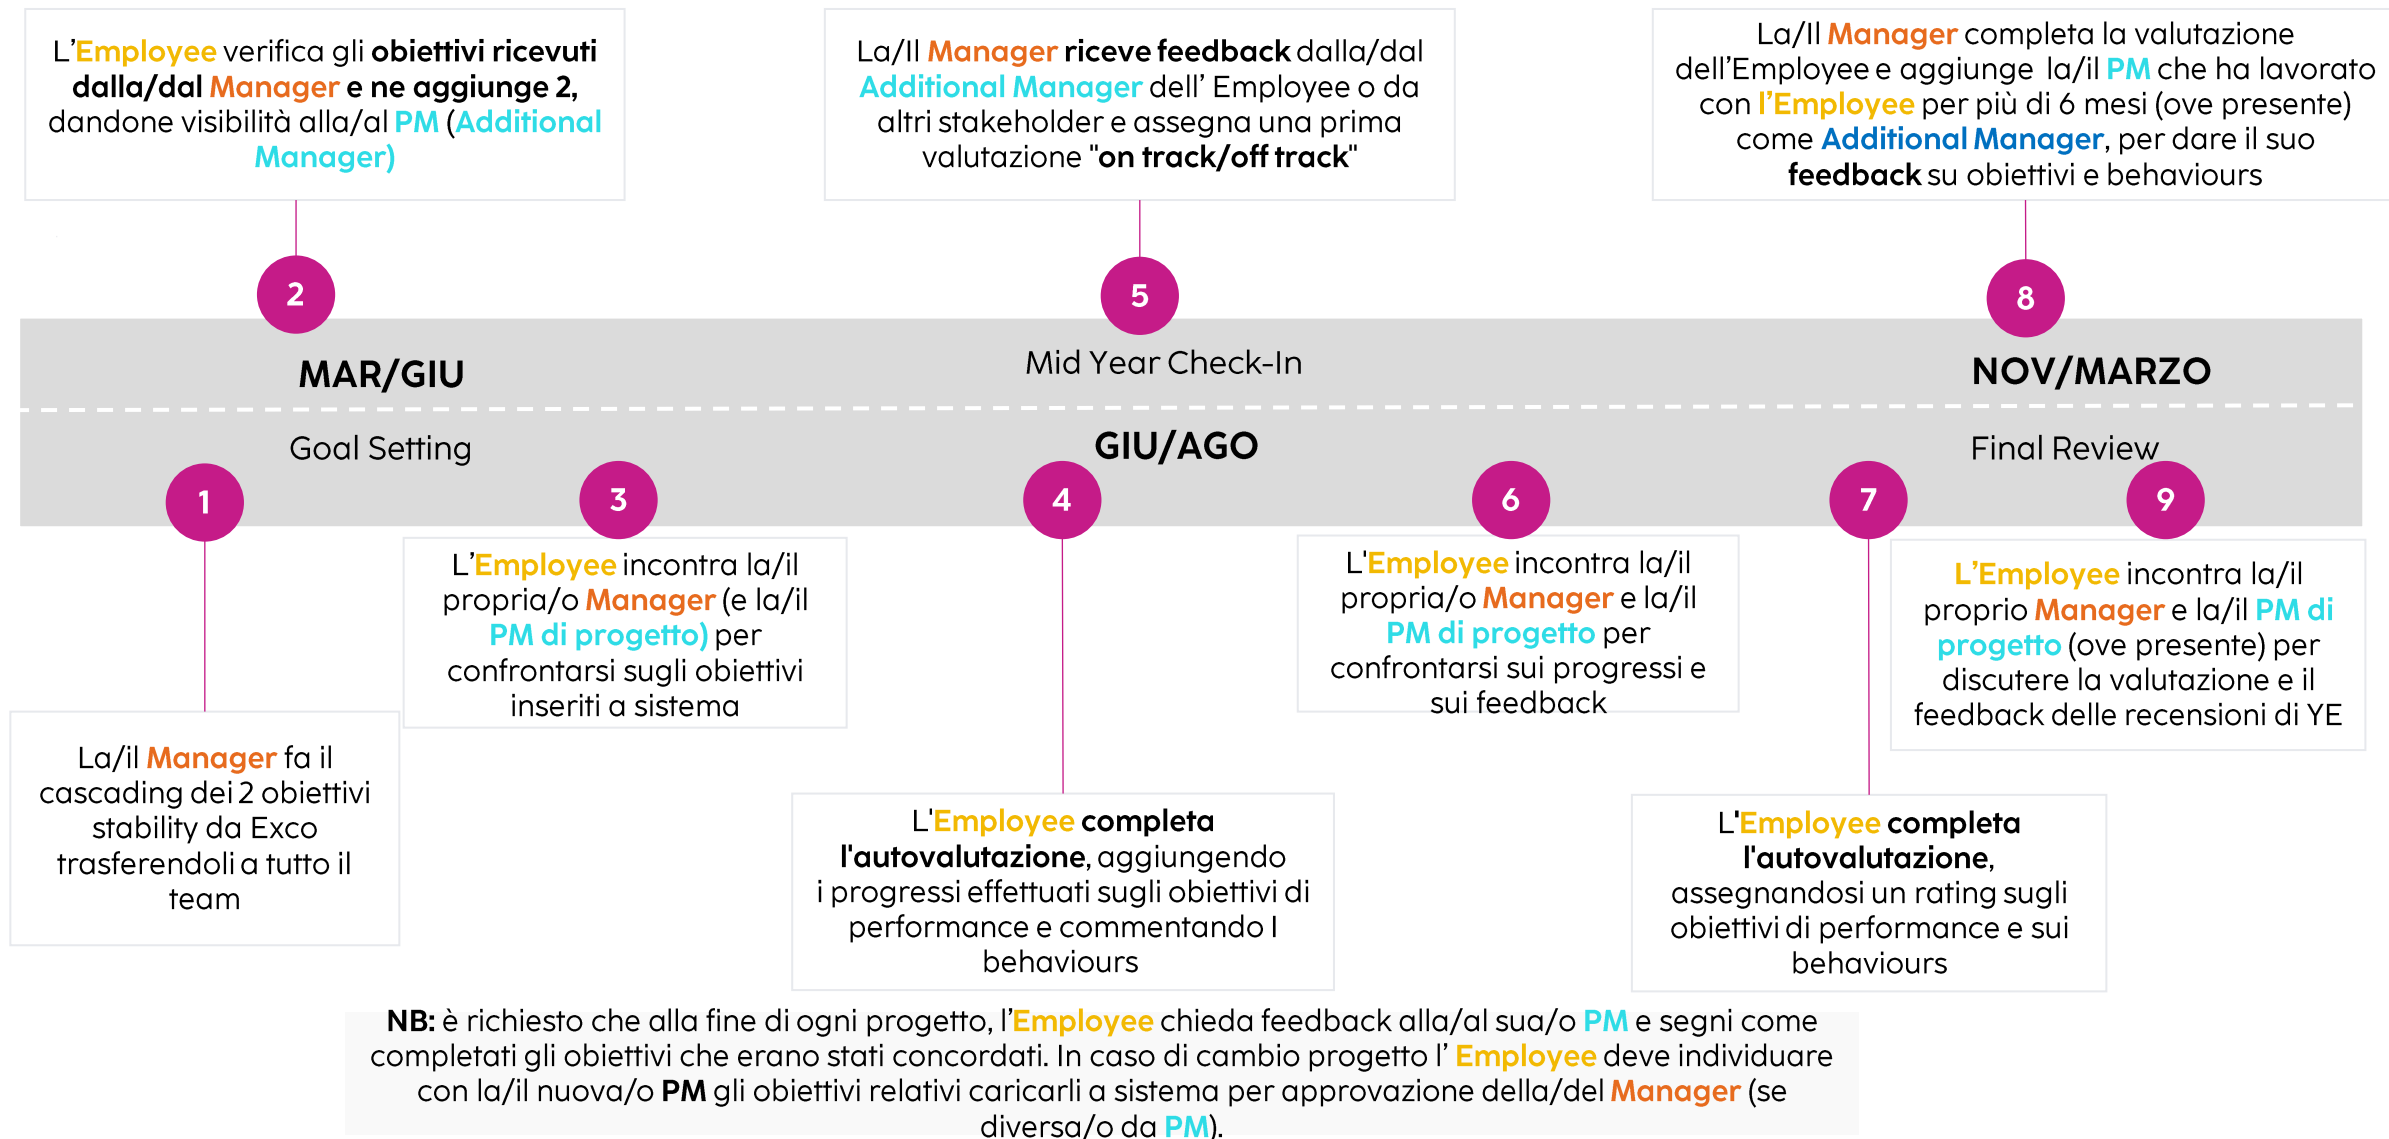

Manager diretto può coinvolgere l'Additional Manager per raccogliere feedback e commenti su obiettivi e comportamenti (questo non è un passaggio obbligatorio) tramite un **task specifico in Workday**

- **DURANTE IL FINAL REVIEW**

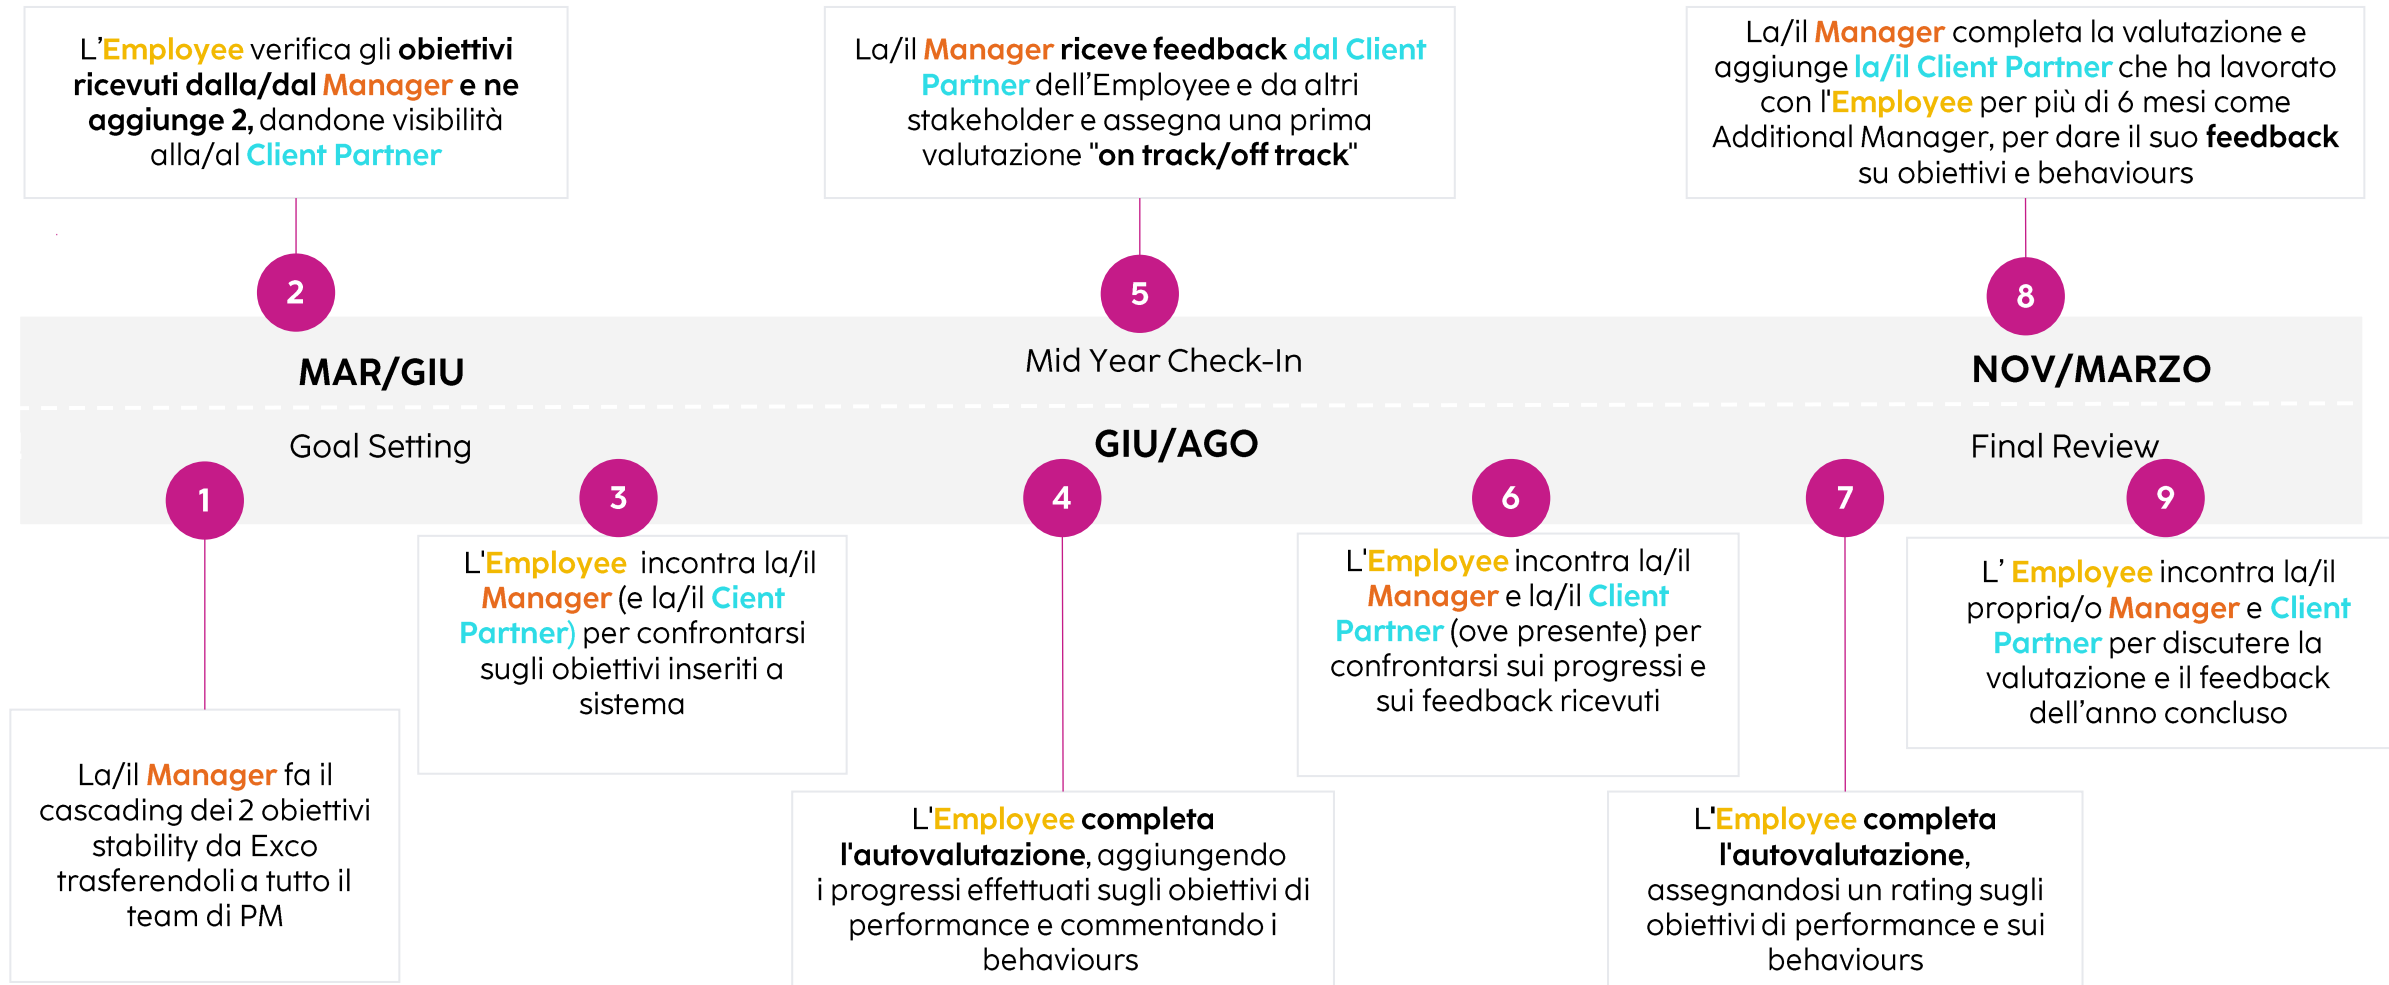

Manager diretto può coinvolgere l'Additional Manager per raccogliere feedback e commenti su obiettivi e comportamenti (questo non è un passaggio obbligatorio), attraverso un **task specifico in Workday**

- **Additional Manager può essere qualsiasi persona** (Individual Contributor and/or People Manager).
- **Il report "Additional Manager Evaluation Status"** è disponibile per Manager e il team HR per monitorare il feedback completato

In questa fase introduciamo una valutazione rapida che fornisce un'indicazione rispetto all'andamento delle prestazioni e dei comportamenti per questa prima parte dell'anno

ON TRACK

in linea con le aspettative

OFF TRACK

non in linea con le aspettative

La valutazione di Mid Year:

1. è la base per lo scambio di **feedback costruttivi**
2. può essere utilizzato per **indirizzare possibili punti di attenzione**
3. **Non è soggetto a calibrazione**
4. **Non segue una correlazione automatica con la valutazione finale**

Mid Year Check - In / Hints & tips

Durante questa fase ogni **EMPLOYEE** deve:

1. Aggiornare lo stato di ogni obiettivo assegnato
2. Fornire una **breve valutazione** degli obiettivi e dei comportamenti nel campo "Comment" .
3. **Modificare o aggiungere** nuovi obiettivi dove necessario

Agenda

- Employee Performance Review: Overview e fasi
- Goal Setting
- Mid Year Check – In
- **Feedback Guidelines**

1:1 Feedback / Guidelines

FEEDBACK DEVE ESSERE:

✓ SPECIFICO

Il feedback non è un giudizio generale sulla persona ("Non lo fai mai..."), ma si riferisce a una situazione specifica

✓ DESCRITTIVO

Il feedback descrive il comportamento messo in atto dalla persona e gli effetti che ha prodotto

✓ DI SUPPORTO

Il feedback dovrebbe contenere suggerimenti su come la persona può migliorare la propria performance

Fornire feedback sulla performance

1. **Sii specifico/a**, vieni preparato/a con esempi pertinenti
2. Concentrati sui **comportamenti professionali e sulle azioni future**: le azioni per cui una persona può fare qualcosa
3. **Evita** di fare riferimento ai **tratti della personalità**
4. **Sii onesto/a e rispettoso/a**
5. Dai la **possibilità di rispondere**

Ricevere feedback sulla performance

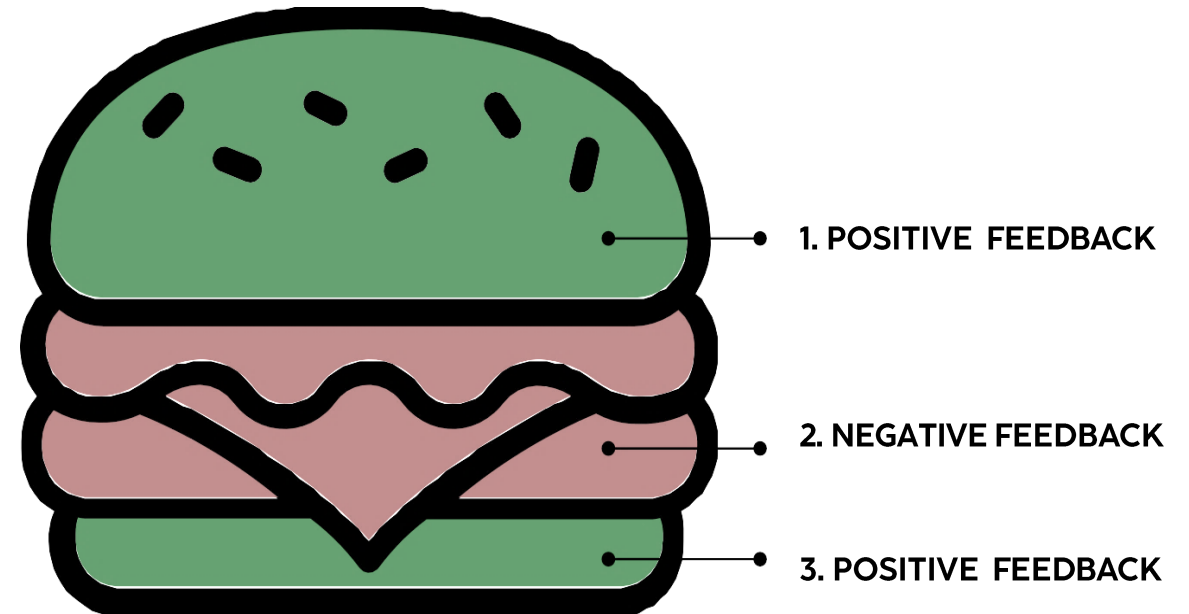

1. Vieni preparato/a con esempi pertinenti delle tue prestazioni
2. Mantieni una prospettiva positiva
3. Sii aperto/a a prospettive diverse
4. Non arrabbiarti o metterti sulla difensiva
5. Sii curioso/a: chiedi più contesto se necessario

1:1 Feedback / Il metodo del Sandwich

Il modo migliore per fornire un feedback costruttivo in un clima di fiducia è il cosiddetto metodo "**sandwich**", che si divide in tre parti:

- 1** **Evidenzia ciò che è andato bene**, per rafforzare quell'abilità o comportamento specifico che rimane prezioso.
- 2** Indica cosa **può essere migliorato**, concentrandoti sul **comportamento e sulle potenziali conseguenze** di quel particolare comportamento se non corretto.
- 3** Chiudi il "sandwich" suggerendo **come può essere migliorato** alla prossima occasione su quel singolo compito.
